Passive systems for door and window comfort home EOSS gives you a breathing home

ABOUT US

COMPANY PROFILE

The EOSS brand was founded in 2014. After more than a decade of in-depth cultivation in the industry, it has always focused on conceptual innovation and product excellence, and successfully launched a series of door, window and curtain wall products centered on passive system doors and windows for comfortable homes. As a leading force in the door and window industry, EOSS shoulders the mission of promoting the industry towards "Intelligent Manufacturing of a Great Power" and is known as the "national team" of the industry.

The company holds 4 PHI European standard passive low-energy product certifications and 5 American standard testing certifications, covering more than 60 product series with over 200 product patents.

We provide one-stop services for dealers, including technical support, marketing promotion, and after-sales installation guidance. Adhering to a customer-centric and market-oriented approach, we continuously develop new products and improve product quality and service standards.

CORPORATE CULTURE

Company Vision We will continue to deepen our efforts in the windows and doors industry and expand our market share. We will continue to innovate, improve product quality and service levels to meet the growing needs of customers. At the same time, we will also strengthen cooperation and exchanges with international counterparts to promote the company's international development.

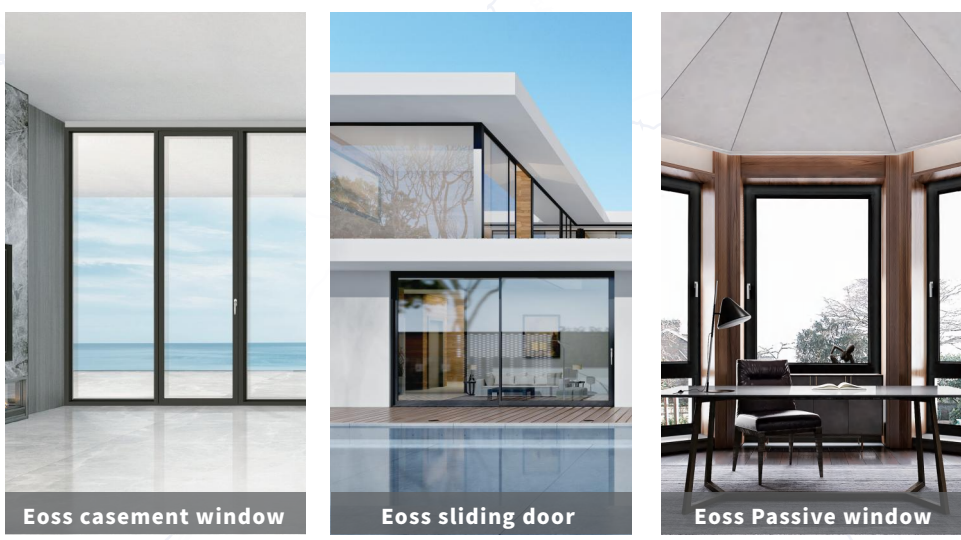

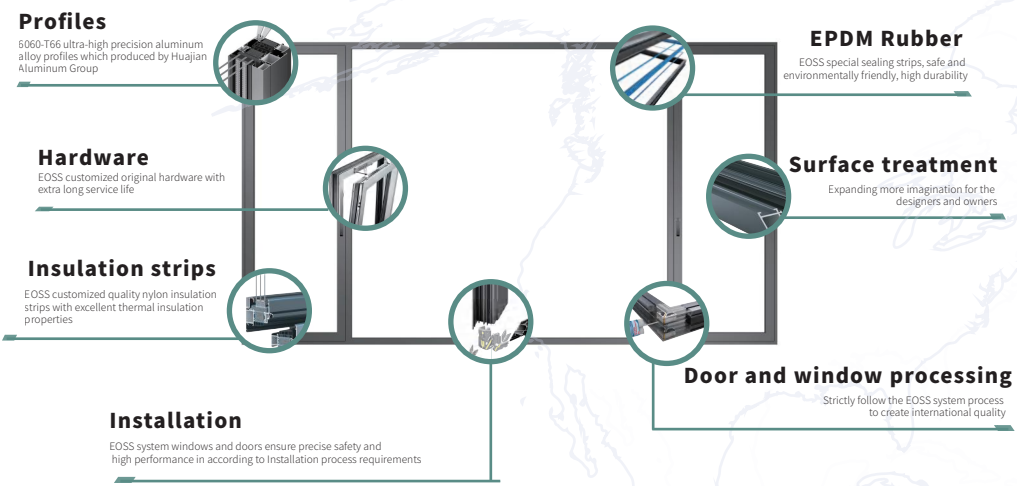

Mission We advocate a corporate culture of "innovation, pragmatism, integrity, and win-win" and insist on people-oriented Focus on employee growth and development.
